Instructions For This Packet

Page 43: Solve the word problem. Then write a math fact from the math solution.

For example:
If 13 - 4 = 9, then 13 - 9 = 4 (subtraction fact)
If 9 + 4 = 13, then 4 + 9 = 13 (addition fact)

You can also teach them to write math facts that replace addition with subtraction facts.

For example:
If 13 - 4 = 9, then 9 + 4 = 13, 4 + 9 = 13
If 9 + 4 = 13, then 13 - 4 = 9, 13 - 9 = 4

You can encourage students to write all math facts.
If 13 - 4 = 9, then 13 - 9 = 4, 9 + 4 = 13, 4 + 9 = 13
If 9 + 4 = 13, then 4 + 9 = 13, 13 - 4 = 9, 13 - 9 = 4
